## **DEPARTMENT OF TRANSPORTATION**

### **Federal Aviation Administration**

#### **14 CFR Part 71**

**[Docket No. FAA-2013-0917; Airspace Docket No. 13-ACE-16]**

#### **Amendment of Class D Airspace; St. Joseph, MO**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action amends Class D airspace at St. Joseph, MO. Additional controlled airspace is necessary to accommodate new Area Navigation (RNAV) Standard Instrument Approach Procedures at Rosecrans Municipal Airport. The FAA is taking this action to enhance the safety and management of Instrument Flight Rule (IFR) operations at the airport.

**DATES:** Effective date: 0901 UTC, May 29, 2014. The Director of the Federal Register approves this incorporation by reference action under 1 CFR Part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

**FOR FURTHER INFORMATION CONTACT:** Scott Enander, Central Service Center, Operations Support Group, Federal Aviation Administration, Southwest Region, 2601 Meacham Blvd., Fort Worth, TX 76137; telephone 817-321-7716.

**SUPPLEMENTARY INFORMATION:****History**

On December 9, 2013, the FAA published in the FEDERAL REGISTER a notice of proposed rulemaking (NPRM) to amend Class D airspace for the St. Joseph, MO, area, creating additional controlled airspace at Rosecrans Municipal Airport (78 FR 73749) Docket No. FAA-2013-0917. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received. Class D airspace designations are published in paragraph 5000 of FAA Order 7400.9X dated August 7, 2013, and effective September 15, 2013, which is incorporated by reference in 14 CFR Part 71.1. The Class D airspace designations listed in this document will be published subsequently in the Order.

**The Rule**

This action amends Title 14 Code of Federal Regulations (14 CFR) Part 71 by amending Class D airspace at Rosecrans Municipal Airport, St. Joseph, MO, to contain aircraft executing new standard instrument approach procedures at the airport. Accordingly, additional segments will extend from the 4.3-mile radius of the airport to 4.9 miles northwest and 4.5 miles southeast of the airport, to retain the safety and management of IFR aircraft in Class D airspace to/from the en route environment.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies

and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends controlled airspace at Rosecrans Municipal Airport, St. Joseph, MO.

### **Environmental Review**

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures," paragraph 311a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

### **List of Subjects in 14 CFR Part 71**

Airspace, Incorporation by reference, Navigation (Air)

## **Adoption of the Amendment**

In consideration of the foregoing, the Federal Aviation Administration amends  
14 CFR Part 71 as follows:

### **PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

1. The authority citation for 14 CFR Part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(g), 40103, 40113, 40120; E. O. 10854, 24 FR 9565,  
3 CFR, 1959-1963 Comp., p. 389.

#### **§ 71.1 [Amended]**

2. The incorporation by reference in 14 CFR Part 71.1 of the Federal Aviation  
Administration Order 7400.9X, Airspace Designations and Reporting Points, dated August  
7, 2013, and effective September 15, 2013, is amended as follows:

Paragraph 5000: Class D Airspace

\* \* \* \* \*

#### **ACE MO D St. Joseph, MO [Amended]**

St. Joseph, Rosecrans Memorial Airport, MO  
(lat. 39°46'19"N., long. 94°54'35"W.)

That airspace extending upward from the surface to and including 3,300 feet MSL within a  
4.3-mile radius of Rosecrans Memorial Airport, and within 1.2 miles each side of the 136°  
bearing from the airport extending from the 4.3-mile radius to 4.5 miles southeast of the  
airport, and within 1.2 miles each side of the 316° bearing from the airport extending from

the 4.3-mile radius to 4.9 miles northwest of the airport. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airport/Facility Directory.

Issued in Fort Worth, Texas, on February 10, 2014.
